Are you safe on two wheels; bike riding that is!

Fox Communities Credit Union is sponsoring a seminar for people who love to ride their bikes, entitled *Savvy City Cycling*. The seminar aims to help people build confidence when sharing the roads on bicycles. After addressing basic safety, lane positioning, and communication techniques, the presenter will delve more deeply into commuting and advanced traffic skills. This course is for all levels of bicycling.

Join us on August 1st at the Tundra Lodge & Conference Center, 865 Lombardi Ave, Green Bay. This one hour seminar will be held from 6-7pm.

Our presenter, Michelle Bachaus focuses on education in Northeast Wisconsin through the Share and Be Aware Program, which is partnership with the Wisconsin Department of Transportation. They help people biking, people driving and people walking share the roads safely, comfortably and respectfully.

Register at foxcu.org or by calling the Call Center at (920) 993-9000. This event is free and open to the public. Each attendee will receive a free *Bicycle Benefits* sticker (a \$5 value)!

Fox Communities Credit Union is 80 years strong. Fox started as Combined Locks Credit Union in 1937 with a small office in the Locks Mill to serve the employees by giving them financial opportunities. In 1987 they became Fox Communities Credit Union and opened the charter to serve the community. Since that time they've had various partnerships, and today serve 100,000 members in 12 counties with 22 branches in all of those communities.

They also put people over profits, by living the People Helping People credit union mantra. They're locally owned and managed and are committed to making significant contributions to the local areas they serve. Fox has almost 400 staff employed in the communities.
