GET A NEW CELL PHONE FOR CHRISTMAS?

Fox Communities Credit Union will be collecting used phones from January 15 to January 29 at all of their branches. The proceeds from these donated phones will be used to send prepaid international calling cards to our troops to use via their approved phones. Chargers and accessories are welcome but not necessary to donate with the phone.

So if you were like many of us and received a new phone during the holidays, and that old phone is just lying around collecting dust, please drop it off at any of the collection boxes located in the Fox Communities Credit Union branches.

You can also go to foxcu.org for a list of those locations.

Fox Communities Credit Union is 80 years strong. Fox started as Combined Locks Credit Union in 1937 with a small office in the Locks Mill to serve the employees by giving them financial opportunities. In 1987 we became Fox Communities Credit Union and opened our charter to serve the community. Since that time we have had various partnerships, and today we serve over 99,000 members in 12 counties with 22 branches in all of those communities.

We also put people over profits, by living the People Helping People credit union mantra. We are locally owned and managed and are committed to making significant contributions to the local areas we serve. We also have almost 400 employees employed in our communities.
