## **I want to buy a house...now what?**

Join Fox Communities Credit Union at our *Home Buying on Tap* seminar, to learn about home buying in a casual, relaxed setting, all while enjoying some great refreshments. Whether you're looking to upsize, downsize, or purchase your first home, this informative two-part event may make your move a little easier.

First, learn valuable home buying information from our mortgage lenders, and other housing experts in a traditional classroom format. Each representative will briefly talk about the important service they provide home buyers. Speakers may include; Realtor, appraiser, inspector, insurance agent, NeighborWorks, and a title company representative.

During the second half of the event, you get to choose who you'd like to talk with. Experts will be stationed around the room to answer your home buying questions.

Join us on April 11, at Stone Arch Brewpub, in their main floor Tap Room, 1004 S. Olde Oneida St., Appleton, or on April 12, at Tundra Lodge Resort & Conference Center, 865 Lombardi Ave., Green Bay, lower level Conference Center, for this event.

Register early at [www.foxcu.org](http://www.foxcu.org) or by calling the Call Center at (920) 993-9000. Capacity at both locations is limited to 40 attendees. This event is free and open to the public.

*Fox Communities Credit Union is 80 years strong. Fox started as Combined Locks Credit Union in 1937 with a small office in the Locks Mill to serve the employees by giving them financial opportunities. In 1987 we became Fox Communities Credit Union and opened our charter to serve the community. Since that time we have had various partnerships, and today we serve over 100,000 members in 12 counties with 22 branches in all of those communities.*

*We also put people over profits, by living the People Helping People credit union mantra. We are locally owned and managed and are committed to making significant contributions to the local areas we serve. We also have over 400 employees employed in our communities.*
