“TOOLS 4 SCHOOLS” HELP LOCAL SCHOOLS

Fox Communities Credit Union’s Tools 4 Schools supply drive helps provide area students the supplies they need so that teachers can focus on teaching and kids can focus on learning!

The new school year is just around the corner, and while most students will be prepared with their notebooks and pencils on the first day of class, some will sit at their desks empty handed. Buying school supplies can create a financial burden for families, particularly those who are already struggling to get by. Teachers often try to help by reaching into their own pockets to buy the supplies that those students need to be successful. We at Fox Communities Credit Union want to ease that strain.

Special collection stations are set up in our lobbies so our generous members, employees, and others in the community can donate new school supplies, or money. As seen below, each of our 22 branches is adopting a school in its community to ensure that all of the donated items stay local.

We know that you look for timely stories that impact the community and we hope you’ll consider keeping our effort in mind. We would be open to participating in a pre-produced news story, or coming in for a live interview during one of your shows.

Thank you very much for your consideration.

Fox Communities Credit Union is 80 years strong. Fox started as Combined Locks Credit Union in 1937 with a small office in the Locks Mill to serve the employees by giving them financial opportunities. In 1987 they became Fox Communities Credit Union and opened their charter to serve the community. Since that time they've had various partnerships, and today serve 100,000 members in 12 counties with 22 branches throughout those communities.

They also put people over profits, by living the People Helping People credit union mantra. Fox Communities Credit Union is locally owned and managed and is committed to making significant contributions to the local areas they serve. Fox has almost 400 staff employed in these communities.
